STEP ONE: WHAT ARE YOUR GIFTS?

Before you say “I don’t know what my gift is” , Lets define what a “Gift” is for the purposes of this exercise.

GIFTS: Any resource, talent, passion, interest, hobby or capability that has been bestowed upon you without merit and that may require effort but brings joy when it is actualized.

Without judgement and with full intentionality, think of 5 gifts of which you are currently in possession. Below are some examples of gifts, interests, passions and hobbies that you can choose from or create your own.

The goal of this part if to force yourself to acknowledge the greatness that God has already put in you so that you can recognize it and own it!

STEP TWO: WHAT IS THE VALUE?

Did you pick five gifts? If not, then go back to the other page and don't leave until you come up with **Five Gifts**. The reason is because you will need them to analyze their inherent value. The following is our definition of value:

VALUE: The regard in which something is held or the importance, worth, or usefulness of a Gift.

Every gift comes with one or more inherent values because it is meant to serve a purpose on this earth. Once you identify the gift, discerning its intended value is usually simple and can be deduced by asking the question, "How can this help someone"? Here are some examples:

EXAMPLE:

GIFT		VALUE
WRITING	HOW CAN THIS "GIFT" HELP SOMEONE?	Communicates data or entertainment
INJUSTICE		Other People hate this and want to discuss solutions
READING		Some people cant or don't have time to read. I can read for them.
SPEAKING		Communicates information dynamically
CHARITY		Altruism Feeling good

STEP THREE: WHAT VEHICLE CAN YOU USE?

Now that we identified a Gift and determined it's value, lets find out where and how we can use this gift for the betterment of others. This is important because it will be a practical action you can take to test and see if this is really your gift? For the purposes of this exercise, the following is a definition of a Vehicle:

VEHICLE: A thing used to express, embody, or fulfill your God Given Talents.

A Gift or Talent can have many different vehicles. Vehicles are how a gift goes from inside of you to serving someone else. It is where the rubber meets the road. In this step, you must discover and analyze the best, most convenient way for you to share your gift with the world, with a focus on adding value. Below are a few examples of possible vehicles for certain gifts.

GIFT	VEHICLE			
WRITING	Books	Copywriting	Articles	Ads
	Blogs	Reporting	Journals	News

YOUR WORKSHEET SHOULD LOOK LIKE THIS

CONCLUSION

Once you have filled out the worksheet, you should have at least 5 strategies that you can use to begin exploring your gifts. For example, if the gift that most excites you is writing, then you can use that gift to bring the value of communicating information that you find interest in through blogs. You can even use your gift of writing and your interest in injustice to communicate information to other people who feel the same way you do through blogs or a book.

This part requires some intentionality so to get you started you can fill out the statement below for the gift that peaks your interest the most.

GIFT STATEMENT

I use My Gift of _____ to bring the value

of _____,

through _____.

EXAMPLE:
